

SOLAR FIRE DYNAMIC INTERPRETATIONS REPORT

TRANSITS: Transits to Natal Interpretations

These interpretations have been written to apply to transits to a geocentric tropical natal chart using a quadrant-based house system.

When using these interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection of what is happening to the individual whose transits are being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

Australian astrologer Stephanie Johnson has written the text in this report. Stephanie is a founder of Esoteric Technologies, the company that creates the Solar Fire suite of astrology products. She has helped create, design, develop and author Solar Fire and the other products. In particular she is the author of many of the Solar Writer range of astrology report writers. She is also the Marketing Director for Esoteric Technologies. Stephanie runs her own Seeing With Stars astrology consultation business as well as editing the Australian Data Collection. She holds a Federation of Australian Astrologers' Practitioner's Certificate and Diploma and is a member of the Federation of Australian Astrologers. She is a student of Medieval Astrology and the Ancient Wisdom teachings. She has lectured at national conferences, and her astrology articles have appeared in Australian publications including the FAA Journal and the Astrological Monthly Review. Before commencing her professional astrology career Stephanie was a journalist for 15 years in Australia, England and the USA. Keywords relating to transits of inner planets have been extracted from Bruce Scofield's DAILY ASTRO REPORT keyword text, by permission of Astrolabe Inc.

TRANSITING URANUS TRINE RADIX URANUS (3rd House to 7th House)

Entering Jul 5 2016, Leaving Aug 22 2016

You experience this transit at two different times in your lifetime, once at about 27 years of age, and again at around the age of 56-57.

At both stages of this transit you are likely to have a positive attitude to change, actively seeking to satisfy your own aspirations in life rather than someone else's. New ideas and progress, either your own or other people's, are welcomed. You have opportunities to explore new and exciting experiences, if you so choose. These opportunities may arise in the fields of science, technology, or metaphysics, or you may enjoy implementing changes in any area of your life. This is a time when your originality and intuition shine and you reap the benefits.

At the earlier stage you are likely to be making changes so that your life more truly reflects your own nature. This may mean breaking away from childhood influences, which were once comforting and supportive. As a young adult, you are now seeking more independence, secure in the knowledge that you have a greater understanding of your own nature and needs.

During the later age phase you are reflecting on the path of your life, your achievements and failures. There is a point where you acknowledge changes that need to be made in order for you to live your life according to your own deeper desires. In looking back, you realise areas where you have compromised your freedom to the detriment of achieving your own goals in life. As a result you desire change and the freedom to assert your individuality.

The goal at both of these stages of life is self-fulfilment.
